Dear Dr. Crowley,

Thank you for your note about the impending appearance of Clara Thompson's book.

In connection with your fund raising campaign I thought I might bring to your attention the W. Clement & Jessie V. Stone Foundation, Suite 2720, Prudential Plaza, Chicago, Illinois 60601. I do not ~~know~~ know very much about them, except I had just received a brochure that mentioned, among other matter, their interest in community mental health which would appear to be related to the extramural functions for which you are now seeking support in your fund raising campaign. Mr. Leonard Borman is listed as the representative of the foundation at the indicated address in the field of "mental health and education", and Mr. G. M. Rieman for "children and youth". Mr. Rieman is at least aware of my name and ~~would~~ would have no objection if you were to mention this letter from ~~me~~ as the basis of your communication with him.

I note also that Dr. Karl Menninger is listed as one of the directors of that foundation.

Sincerely yours,

Joshua Lederberg  
Professor of Genetics
